Internship

Cipher School Jun 2024 – Aug 2024

Summer Training – Data Science & Machine Learning

- Developed an interactive Tableau dashboard for coffee sales analysis, improving real-time trend visualisation and reporting accuracy through KPI-driven insights.
- Applied data visualisation techniques to optimise dashboard performance, achieving real-time insights with a 30% increase in data processing speed.
- Completed 100+ hours of training in Data Science, Tableau, and Business Analytics, strengthening analytical and visualisation skills.

Projects

Medical Imaging Diagnosis System| Link Feb 2026-Mar 2026

- Developed a web-based Imaging Diagnosis System that provides real-time AI-powered medical image diagnosis.
- Integrated a Python Fast API service with TensorFlow and Keras to perform AI-powered medical image classification and deliver real-time diagnosis results.
- Built secure RESTful APIs for image upload, AI model inference, and seamless communication between the frontend, backend, and AI service.
- **Tech: React.js, Node.js, Express.js, MongoDB, Python, Fast API, TensorFlow, Keras, REST APIs, Git.**

Real-Time Coffee Sales Dashboard| Link Jun 2024 – Aug 2024

- Developed an interactive Tableau dashboard to visualize sales trends, key performance indicators (KPIs), and business metrics, enabling data-driven decision-making.
- Analyzed monthly, quarterly, and yearly sales data to identify revenue trends, customer purchasing patterns, and forecast business performance.
- Identified product combinations contributing to 18% higher sales potential.
- **Tech: Tableau, Data Analytics, Data Visualisation**

Reserve Table Booking System| Link Mar 2025 – Apr 2025

- Built a web-based application that allows users to book tables, especially for last-minute availability or cancellations.
- Designed responsive UI using HTML and CSS to improve user experience.
- Used Node.js to handle server-side logic, form submissions, and reservation management.
- **Tech: HTML, CSS, Node.js,Javascript**

Certificates

- Cloud Computing Certification | NPTEL — December 2024
- Machine Learning & Data Science Training | Cipher Schools — August 2024
- Data Structures & Algorithms Certification | Udemy — April 2023

Technical Skills

- **Languages:** Java, MYSQL, SQL, Adavanced Java , Python
- **Technologies/Frameworks:** React.js, Node.js,Express.js, RESTAPIs, HTML,CSS, Spring Boot, Git, GitHub, MongoDB
- **Skills:** API Development, Web Application Development,Database Management, Problem-Solving, Team Collaboration

Extra-Curricular Activities

- Member, Marketing Changemakers – Amazon Club (LPU); organised 5+ tech events and increased member engagement by 40%.

Education

- **Lovely Professional University** 2022 – 2026
  Bachelor of Technology – Computer Science and Engineering — CGPA: 7.00 — Punjab, India
- **Sri Chaitanya College** 2020 – 2022
  Intermediate — Percentage: 81% — Visakhapatnam, Andhra Pradesh
- **Sri Chaitanya Techno School** 2019 – 2020
  Matriculation — Percentage: 95% — Visakhapatnam, Andhra Pradesh
